

Efficiently Moving grain

GRAIN BAGGER

For 10 ft Grain Bags

GTT5010

www.akron.com.ar

Capacity: 1400 ton/hour!!!

- Hopper dimensions: 3330 mm x 3150 mm.
- Auger tube diameter: 600 mm.
- Automatic chain tensioner.
- New heavy-duty folded plate chassis and high-strength towbar.
- Hydraulic Brake.
- Brake panel (left or right side, optional).
- Rubber flap that prevents grain spill.

- Exclusive and renewed Easy Lift system.

- For 10-foot bags that are up to 150 m long.
- Enhanced grain flow with less power consumption.
- Optimized Easy lift operating height: easy lift can be lowered all the way down to the ground for an easier bag loading.
- Transport stability and uniform bag filling.
- Bag loading is easier than ever.
- It minimizes the required number of operators.
