Dry Weight	3100 lbs (1400 kgs)

The company reserves the right to make modifications to its products without prior warning.

**The Mainero 2241 now features a hydraulic bottom tray, which allows for easy and simple bag loading!**

Lower down the hydraulic cradle and load the top of the bag. Then as you lift the bag, place the bottom of the bag in the flat tray. Just slide the bottom of the bag around the corners, and push the top of the bag onto the tunnel!!
