Exclusive-Designed Track Systems

TransferTrack (850-1150 bu.) and Heavy Duty Track (1300-2000 bu.) are custom built systems that's made to withstand all field conditions. Compared to tires, tracks minimize field disturbance, pull easier and save fuel.

Industry Leading

High Capacity, Heavy Duty Design

From our Dual Auger System which provides the highest capacity unloading and optimized weight balance to our smooth wall design and full length clean out which gets you transitioned to your next field quickly. The HaulMaster is designed to keep your equipment moving in the toughest of environments.

Model	850	1000	1150	1300	1600	2000
Auger Max Height	13' 4"	13' 4"	13' 4"	13' 4"	13' 4"	13' 4"
Auger Reach	9'	9'	9'	9'	9'	9'
Transport Height	11' 6"	11' 8"	12' 8"	11' 8"	12' 8"	13' 3"
Width	13' 4"	13' 4"	13' 4"	13' 4"	13' 4"	13' 4"
Loading Height	10' 2"	10' 4"	11' 4"	10' 4"	11' 4"	12'
Length	23' 6"	27'	27'	34' 6"	34' 6"	34' 6"
Tank Length	15'	18' 6"	18' 6"	25' 6"	25' 6"	25' 6"
Empty Weight (Standard)	14,300lbs	15,627lbs	16,675lbs	28,500lbs	29,000lbs	29,500lbs
Tongue Weight	3,800lbs	4,000lbs	4,200lbs	4,500lbs	4,900lbs	5,300lbs
Unloading Auger	20"	20"	20"	22"	22"	22"
Horizontal Auger	18"	18"	18"	20"	20"	20"
Recommended HP	150	175	200	275	350	400
