

# WARRANTY APPLICATION PROCEDURE

FOR

DEALERS AND END USERS

The warranty registration form located in the canister on your trailer should be completed and returned to Busch Equipment Company LLC when your AKRON unit is received. Important information about the safe use and maintenance of our products can be found in the Owner's Manual. It is our recommendation that the manual be completely read before using your AKRON unit.

Warranty procedures cannot begin until the registration form is received.

Use the following steps when submitting all AKRON warranty applications.

1. Notifications of any warranty problems must be submitted to Busch Equipment Company LLC prior to making any repairs. Upon pre-approval Busch Equipment Company LLC will issue a warranty claim form.
2. Complete the warranty claim and return along with any invoices and/or pictures to [lorimcg@buschequipment.com](mailto:lorimcg@buschequipment.com) or via fax (402)564-5385.
3. Your claim will be submitted for review. A member of our team may be in contact to get more claim information. Upon approval, the contact on the claim form will be notified by phone or email for finalization of the claim.
4. **Failure to follow these steps could result in denial of your warranty claim.**
